Press Release

Subject: Appointment of new CEO of ITC RUBIS TERMINAL ANTWERP NV

9130 Beveren, April 7th, 2021

Bruno Hayem, chairman of the board of directors of **ITC Rubis Terminal Antwerp NV** is pleased to announce that Mr. **Filip Masquillier** will join ITC Rubis to be appointed **new CEO** of the company.

*“An experienced executive with extensive and diversified experience in the global petrochemical industry, with a track record in international business development, logistic strategy and operational management, Mr. Masquillier will succeed Mr. Pascal De Maeijer and assume responsibilities on **April 28th, 2021**.”*

“After a long career in the petrochemical industry and ten successful years at ITC Rubis as terminal manager (2011- 2013) and CEO (2013 - 2021), Mr. De Maeijer will enjoy a well-deserved retirement. We thank him sincerely for his tireless efforts and important role in leading the team and the terminal into a success story, ”

Mr. Hayem and the entire board of directors are very pleased to welcome Mr. Masquillier on board. *“Mr. Masquillier, along with the experienced terminal team, will lead ITC Rubis to its next development phases, supported by the strong safety culture which has resulted in more than 5 years without work accidents with lost time”.*

ITC Rubis Terminal Antwerp NV was established in 2008 as a joint venture between RUBIS, an independent international operator specializing in the downstream petroleum and chemical sector, and MITSUI, a global 360 degree business solution provider. Shareholdings are through Rubis Terminal Infra SAS (a storage operator ultimately owned by RUBIS and I Squared Capital), MITSUI & CO. Europe PLC, and Intercontinental Terminals Company “ITC”.
